

HOMES WITH PURPOSE, INSPIRED BY *You.*

For 12 years, Randy Marten and his close-knit team have been designing each custom home with thoughtful significance. Each home is unique in that it breathes its own inspiration straight from its source— you. The Marten design team recognizes the sense of purpose behind each fine detail and makes the commitment to understand every need of the home, no matter how slight. The impeccable methods and tenacious attention to detail create environments to not only live in, but grow within overtime.

HOMES INFUSED WITH MEANING.

Thoughtful design is always at the top of our minds as a design team. We start with the people, growing connections, and weeding out the anxiety associated with the building process. We believe a home is timeless in material and quality and must abide by the natural rhythms of its inhabitants. We're focused, inventive, and aim to solve problems through challenging assumptions. We dive deep, to not only deliver the "must-haves", but include the surprise desires found along the way.

Impeccable HOMES. HARMONIOUS LIVING.

A home is not a structure; it is an inspiration. We seamlessly combine modernity with timelessness to evoke beauty and quality to last a lifetime. Our team invests in you and is not satisfied until your home reflects and empowers the patterns of your everyday life.

YOUR HOME. OUR EXPERTISE.

We design solutions from the ground up, finding the unique elements of you and your lifestyle, and blending them with our process. We proudly wear our past bumps and scrapes as evidence of our ever-evolving expertise. Our team doesn't stop until we arrive at our destination, a home harmonized for you.

STRONG FOUNDATIONS START WITH WHY.

The best solutions routinely come from questioning the whys and why nots? The Marten team is known to question the why at every step of the process, allowing us to further visualize the home through your eyes, by making sure each element uniquely fits you and your desires. The dedication to relationships among our team, sub-contractors, and you, is the charging behind our success.

Defining **STANDARDS, DELIVERING CONSISTENCY.**

Every client will have different priorities and therefore require different solutions. We display our design-focused approach with each new home, and our high standards are apparent in the unparalleled quality our team delivers. Let us grow with you through the building process and create a relationship and a home worth celebrating for years to come.

“Testimonials”

“Marten Building exceeded our expectations and made our first experience building a home something we’d love to do again someday. We were struck by the great craftsmanship and the desire Randy had to deliver us a perfect home. We’re picky people and are completely satisfied with the end result!”

- Chris and Brittney B.

“Thank you doesn’t seem like enough. No detail was left undone. Never could I imagine building a home would be as easy as it was. We couldn’t be happier!”

-Cathy M.

“Marten Building made building our house a great experience. We went into the process a but cautious but Randy and his team turned our dream home plan into a reality with ease. From designing the perfect home to working through all the details, we found Marten Building to be not only extremely knowledgeable but also wonderful to work with.”

- Krista and Brian W.

“It was a pleasure working with Randy Marten. He has a great eye for design and is “in the know” about the latest and greatest building methods. I trusted him implicitly!”

- Lori B.
